Each applicant must send at least 4 – 4x6 photographs: three photos should best represent the work intended to show, and one of the booth. Since artists are juried solely on the photos alone, it is recommended to have photos that are clear, correctly exposed and sharply focused. No application will be considered without a photo of the booth. If you do not have a photo of the actual booth, photograph an arrangement or grouping of your work to show scale and how your work would be displayed. You can provide a description of each picture on a separate sheet of paper if you wish. The pictures should visually show the work you wish to have in the show because the items in the photo are the only items that will be allowed at the show.

The Downtown Community Partnership reserves the right to ask that questionable items be removed and/or the participant leave the show.
